The Magic of India Welcomes You

India is the cradle of the human race, the birthplace of human speech, the mother of history, the grandmother of legend, and the great grand mother of tradition.

Our most valuable and most artistic materials in the history of man are treasured up in India only!

Mark Twain
Writer, USA

Can words describe 3.2 million sq kms of the Indian subcontinent?

Can pictures capture a terrain as diverse as verdant forests, golden deserts and the majestic Himalayan Range?

Can stories tell you all you want to know about the complex cultures of the Indian people, their languages, and dialects, their rituals and traditions?

To feel her magic, be touched by her spirituality, experience her intensity or join in her celebrations, YOU have to be in INDIA!!!
Chennai, Land of Temples formerly known as Madras, is the capital of the Indian state of Tamil Nadu. It is located on the southeast coast of India, overlooking the Bay of Bengal.

This lively metropolis is a harmonious blend of the past and the present. Chennai is also known as an automotive manufacturing hub and accounts for 60 percent of the country’s automotive exports.

Chennai was an important port town in the first century. The city is named after Chennapattinam, a settlement that existed in the vicinity of modern Chennai. It was a well-known trading center for textiles and spices. The Europeans - the Portuguese, the Dutch, the British and the French – arrived in early 1600 AD, adding a new chapter to the city’s history. Many monuments, including the Parthasarathy Temple, the Kapaleeswarar Temple, the San Thome Cathedral and Fort St. George, stand testimony to the grand intermingling of cultures.

Chennai is a window to the fascinating world of South Indian architecture, music, dance, drama, sculpture and other arts. Every year, the city hosts a five-week long Music Season. The city prides itself on traditional forms of music (Carnatic) and dance (Bharatanatyam).

The banana leaf is considered to be auspicious as it is a symbol of prosperity and harbinger of good fortune. An integral part of any wedding feast, having the hot food on a banana leaf imparts a unique flavor and aroma to the dish.
